Get the new kitchen
look without the
new kitchen price.

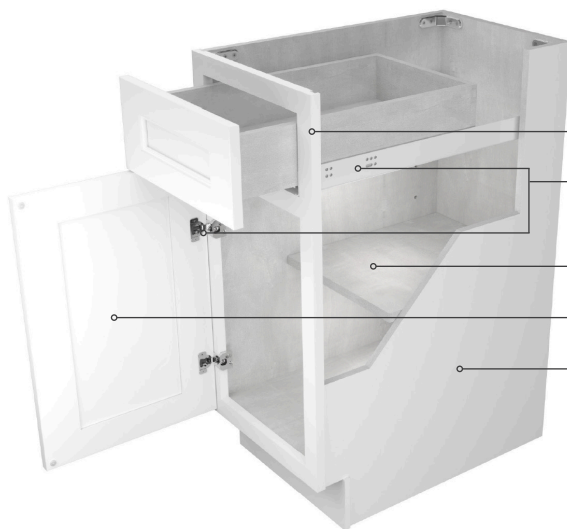

Jacobean,
Andy & Shelly

Your affordable dream kitchen made possible

In-stock cabinets are the speedier, more budget-friendly choice

- Pre-manufactured in a wide range of industry-standard measurements.
- Ready for installation within a few days.
- SIGNIFICANTLY less expensive than custom cabinets.
- Custom cabinets are "made-to-order," much more expensive and not necessarily higher quality.

Our premium, in-stock cabinets feature:

- Solid maple frames
- Soft-close door hinges with full-extension soft-close drawer slides
- ¾-inch adjustable shelves
- 5-piece door & drawer faces
- Cabinet boxes with ½-inch thick plywood sides, backs and bottom
